

TRUST EXCHANGE

Automate Compliance Management One platform, limitless opportunities

Trust Exchange Compliance Cloud is a collaborative third party compliance platform that enables banks to share information and coordinate action among vendors, third parties, and partner ecosystems. The platform is easy to use, implement, and configure for complicated compliance requirements.

With Trust Exchange, banks can automate information and document gathering, monitoring, and reporting as well as seamlessly collaborate with all relevant parties. The result: lower costs of vendor & compliance management, effortless information exchange at scale, and a culture of connectivity

Trust Exchange automates and simplifies third party regulatory compliance, ESG compliance and supplier diversity compliance on a single user friendly, cost effective platform

Trust Exchange Provides Total Business Information Lifecycle Visibility and Actionability
